A Strange Story

TRUTH STRANGER THAN FICTION—A MAN LOST SIX YEARS TURNS UP AGAIN.

From an Eastern exchange we copy the following singular history of a missing man:

Many of our readers will recollect that some six years ago this community was startled to learn that a young man, well known in our best social circles, the son of a prominent citizen, had suddenly and mysteriously disappeared. The papers for a short time were filled with accounts of this strange occurrence, and enormous rewards were offered by his bereaved and agonized family. Detectives were sent to every town in the Union, and for a whole year strove to find some clue to the missing man. He had gone to New York City upon business, and had stopped as usual at the largest hotels on Broadway. About eight o'clock in the evening he gave the key of his room to the clerk and went out. He went out never to return. Long, long after the experienced detectives had given up the search the family had still hoped that some day he would return and the terrible mystery be unraveled, but even they in time came to accept the theory that he had been foully murdered and his remains destroyed. W. S— before his departure, was betrothed to a charming girl, and an early day had been fixed for their union. She was now filled with unutterable sorrow. The blow fell upon her with even greater force than upon the parents of S—, and for six long years past she has led a secluded life, mourning in sacred privacy her worse than widowhood.

A cloud had settled upon her even more gloomy than it would have been had death suddenly severed the ties that bound them to each other. The awful suspense, the long hopeless search, the images of terrible murder which an excited imagination conjured up, all made her despair more complete and her anguish more uncontrollable.

One week ago, on the 10th of March, Miss L. received a dispatch from New York, that was wholly incomprehensible. It read: "Prepare for an important revelation." Signed "W." In the midst of her surprise, a letter was received in a strange handwriting, insinuating that there was some reason to suppose that S. was still alive, but at the same time warning his family against hoping for too much, as there might be some mistake. The next day a letter came from W. himself stating that he would be at home that evening.

It would not be becoming for us to describe the joy, the great overpowering sense of thankfulness that swept through the hearts of all that little family circle, or to depict the touching scene that ensued at the meeting which took place when he that was lost at last returned, altogether changed in appearance, it is true, but still the same true-hearted man as of old, but with great sadness in his heart, and a terrible bitter experience seared into his life as with a hot iron. We can only relate the strange story that in its marvelous truth has no equal in any fiction we know of, and only proves that there are tragedies enacted in our midst every day that are without parallel in literature.

S. tells the following story: On the evening of his disappearance he left his hotel at about eight o'clock, and proceeded towards East river, with the intention of crossing over to Brooklyn, where he proposed to spend the evening. He was carelessly sauntering along when his arms were suddenly pinioned from behind, a gag was placed in his mouth, and he was dragged rapidly along a back street. Continuing to make resistance, he received a blow upon the head which completely stunned him. When he awoke to consciousness he found himself in a small boat being rowed away from the city, which he could see in the distance.

The boat stopped beside a large ship, and he was rapidly hoisted up its side, and in an hour afterwards she put to sea. Remonstrance was wholly useless, and he found himself enrolled as a common seaman on board a vessel bound on a whaling voyage to the Pacific. There were two others upon the vessel, who, like himself were victims of a pressgang, and were both countrymen from the interior of the State of New York. One of them, named William Allison, died four years ago, and was buried in the ocean.

It would be impossible to give the details of his adventures in our limited space. S. will publish them himself at some future day. Suffice it to say, that in June, 1862, he was seized with the scurvy, and being, it was supposed, beyond recovery, he was abandoned upon one of the Marquesas islands, in the South sea, by the captain of the whaler. Here he was nursed and cared for by the natives, among whom he lived for three years, but was wholly unable to communicate with any vessel, as they detained him in the interior of the island. In August last, however, he managed to escape to the coast, and there finding a Russian vessel procuring water, obtained passage to Hongkong, which place he reached in the latter part of October, and upon proper representation to the American Consul, was furnished with means to return to the United States.

As a proper ending to this wonderful romance, S. will, in the month of April, lead Miss L., who has so faithfully loved him, to the altar, and may we be there to witness the happy union of two devoted and loving hearts. S. is curiously tattooed upon his hands and arms, and has a necklace of blue pricked upon his neck. His adventures among the South Sea Islanders, we may, with permission, some day publish. He intends to find the owners of the ship, which was his floating prison house, and prosecute them to the fullest extent of the law. The firm is now doing business in the city of Boston, we believe.

Letter from the Dalles.

COPPERHEAD TRICK EXPOSED.

DALLES CITY, May 24, 1866.

EDITOR OREGONIAN:

I see in that secession sheet the *Herald* of this date, an anxious inquiry from one James L. Brown as to whether George L. Woods did not admit Col. Kelly that the third article in the Union State platform meant negro suffrage. Mr. Brown says truly that so far as we are concerned it has been slander, and might have said with equal truth that so far as Geo. L. Woods was concerned it was a made up lie, manufactured from whole cloth to create a prejudice against him at this place. Mr. Brown assumes to be a Union man and takes it upon himself to express much indignation that he and the Union party should be so badly maligned. Now if Mr. B. was really a Union man as he represents himself to be, he might feel sad with good cause, but let us look at his case a little. Most of us thought when we first read the article that James L. Brown was a myth and that Old Humason or some other oily, smooth tongued copperhead was the real author; but upon investigation I find that James L. Brown really exists in the person of *a keeper of one of the lowest class of Hurdy-Gurdy houses, and is a howling copperhead*, is hand in glove with the disunion party that is now making a death struggle to get hold of the public teat. Any one with good common sense can see at a glance that it was gotten up for the purpose of injuring Woods' vote for Governor and creating prejudice against the Union party. Yours for Truth and Justice,

DALLES.

Winfield Scott.

Ripe in years and in the fullness of his glory, the old hero who has long been the pride of the American name, and whose history has been the history of his country for more than half a century, has passed peacefully away, to his final rest. The measure of his fame is as full as the measure of his years, and though a grateful people would gladly have retained him, yet it was his time to die Winfield Scott was one of few who "are privileged to live long enough, and yet not too long" His countrymen can say of him as our greatest poet has said of another:

We are glad that he has lived thus long,
And glad that he has gone to his reward;
Nor deem that kindly nature did him wrong,
Softly to disengage the vital cord.

Winfield Scott was born at Petersburg, Virginia, on the 13th of June, 1786 He was therefore almost eighty years of age. No sketch of his life is necessary here, for what American does not know his history? His military achievements, his statesmanship, and his devoted patriotism, rank him among the foremost and best of the earth. Greatly as his country had honored him, she was still largely his debtor Especially is she indebted to him above all other men for saving her Capital from the hands of traitors in those days when the great rebellion was gathering head under the very eyes, and by the consent of an inefficient President. Nothing but the precautions of General Scott saved the country at that time from disastrous revolution, secured the inauguration of President Lincoln, provided for the defense of the Capital of the Union, brought about the organization of the army, and secured its establishment upon the strategic points of the country. For foiling the designs of the powerful conspiracy, the nation is indebted to him alone. If this had been his only service, as it is certainly his greatest one, his countrymen would have reason to forever honor his name.

The earthly career of the old hero is ended but his fame is immortal He will ever be regarded as a type of the truly noble and entirely great His peaceful death, at so advanced an age, is a fitting end for so noble a life.

Of no distemper, of no blast he died,
But fell like autumn fruit that mellowed long,
Even wondered at because it fell not sooner
Age seemed to wind him up for fourscore years
And slowly ran he on till they were done,
When, like a clock worn out with beating time,
The wheels of weary life at last stood still

"Independent Peoples' Ticket."

Mr. R. Mendenhall's mountain has been in labor for some weeks, and as a result, a very diminutive mouse is born. This bantling, as soon as it saw the light, was named "The Peoples' Independent Ticket" Of course Mr. Mendenhall, who so very officiously officiated during all the stages of this protracted labor, is still the central figure in the group. He has a weakness for running for office which amounts to a mania. In every county where he has lived, and at every election which has transpired for years, he has been a candidate or talked of becoming one. There is no cure for *dementia* of this unhappy sort, so we suppose Mr. Mendenhall will run for some office or other biennially, so long as he is sure of securing his own vote and that of his next friend.

Mr. Mendenhall's name modestly stands at the head of this "Independent Peoples' Ticket." Certainly. Why not? The "People" so pompously talked of are himself and Mr. O. B. Gibson, who also with delightful modesty places his name at the head of the list of candidates for the House. Following the great name of Mr. Mendenhall, and partly obscured by its shadow, is the name of Grouse Grover These names are very happily associated, and as they peep out at you, look the very personation of political innocence and virtue! For Representatives, the "People" aforesaid have O. B Gibson whose name we have just mentioned, together with those of the copperhead candidates Freidenrich and Wilson. The name of one of the Union candidates is also associated with them, but we will not do him the injustice of classing it in the company we have mentioned

Of course Al Zieber is the candidate of the two "People" for Sheriff M'Coy, who will be dimly remembered as our whilom City Recorder, is named by the same two sovereigns for County Judge. The rest of the ticket of the two "People" is "all sorts," and we do not deem it necessary to make that part of it a matter of special mention.

A portion of the tickets got out by the two "People" are surmounted by the words "Union State Ticket," followed by the names of the Union State candidates. Another edition issued by the two "People," is headed "Democratic State Ticket," followed in like manner by the Democratic candidates These mongrel tickets can deceive nobody. The two "People" whom we have so often named, have been in close consultation with the copperheads for several days, and the result of their deliberations is the production we have described It was started to gratify Mr. Mendenhall's ambition to be a candidate, and was brought out in its present shape as a copperhead trick in the hope of diverting a few votes from the Union party

We are gratified to find that Mr Mendenhall has gone back to the Democracy, as two years from now he will be running independent again, after bolting from them How little it is in his power to do in behalf of the copperheads, the results of to day will show him We have done with him now, as himself and his next friend, comprising the "People" the ticket tells of, are too insignificant for further notice. No Union man will vote in copperhead company, or for copperheads, and therefore no Union man will vote with the two "People" above named

An Old Fossil.

The Sacramento *Union* says of a notorious person lately imported to this State Ex-Governor Weller arrived in Oregon lately by the *Sierra Nevada*, and will stump the State in behalf of the Democracy This fact ought to be enough to secure the State for the Union party.

EXPEDITIOUS —The letter in this morning's paper from the Dalles, was just *eight days* in reaching us A letter from Vancouver of May 25, reached us on Saturday, *eight days* after its dispatch Similar other detentions might be mentioned Somebody will be ventilated before long

A DEMOCRATIC ROORBACK

The Democracy were busy last evening in peddling a circular issued from the *Herald* office, containing extracts from the telegraphic dispatches, and charging the action of Sumner in the Senate as the action of the "Republican (Union) party The *Herald* impudently lies when it says Sumner's proposition to secure suffrage to negroes in the lately rebellious States, had been agreed upon in caucus The fact is, his suffrage proposition had been rejected by the Reconstruction Committee it being agreed that the question of suffrage should be left to the States respectively Had it been agreed upon in caucus, how should he offer it as a *substitute* for the bill which came from the caucus?

The proposition which the caucus agreed upon will be adopted This leaves the question of suffrage to the States The *substitute* of Sumner will not be adopted In proof of this we need only furnish another portion of the dispatch from which the *Herald* quotes garbled extracts. Here is what it says about the caucus bill—not Sumner's *substitute*

WASHINGTON May 30

The *Tribune's* special says the Constitutional amendment as revised by the caucus and reported to the Senate yesterday, received a unanimous vote and will receive a vote of at least 34 Senators while at most there can be but 14 against it. The prospects are that it will be acted upon in two or three days as there will be no speech on the Union side. It is looked upon with much favor in the House by all leading Union men, and will be adopted by a solid vote as soon as it passes the Senate

Sumner's substitute for that amendment cannot be adopted *The Union members of Congress have repudiated the negro suffrage idea at several different times during the present session The Union party of the United States has repudiated it That party is not for negro suffrage*

In the Senate there are 34 Senators who will vote for the caucus amendment which leaves suffrage to the States, while in the House there will be "a solid vote" for it This vote for the caucus amendment is a vote directly in opposition to Sumner's proposed substitute.

The Conspiracy.

The proof which has been published of the existence of a secret treasonable Democratic organization in all parts of Oregon during the rebellion, are so conclusive as to compel the authors of the scheme to confess it Hon Haydon, in his speech here on Saturday night, admitted that the Democrats had a secret political society in this State in 1864 S. V Knox, of Washington county, acknowledged in this city not three days ago, that such an organization had existed, and that he had established a great many branches in various parts of the State. A day or two ago, a laborer in this city told Street Commissioner Simmons that he could not vote the Union ticket because he was a member of the "Old Guard" society, and was sworn to vote with the Democratic party Caton, the Grand Secretary of the order, confessed not long ago that he had organized the society in Polk county. S S. Markham, of Linn county, avows that he was initiated as a member, and that George R Helm administered the oath to him The Vancouver *Register* tells us that it has "the authority of Gen Alvord himself for saying that he (the General) had the most convincing evidence that such a plot was formed, and that he was fully prepared to meet it It involved confederates in this county every one of whom before and since acted with the Democratic party We do not think that every member of the party in this county was made acquainted with the design, but leading men were and were committed to it Gen Alvord had their names While the plot was pending Gen A said to us 'let them come on, we'll hoist them with their own petard'" The proof is positive that such an order existed. Voters, if you condemn these conspiracies, do not vote with the conspirators, but vote with the only true Union party.

THE McMINNVILLE FLAG AGAIN

Affidavit of J. A. Wells.

JUDGE WOODS COMPLETELY EXONERATED.

If there are any who believe that Hon. George L Woods was in any way implicated in the dishonorable act of cutting down the Union flag at McMinnville in 1861, the following affidavit of J. A. Wells will dissipate the unworthy impression

TERRITORY OF WASHINGTON,
City and County of Walla Walla. } ss.

Personally appeared before the undersigned on the 30th day of May, 1866, James A. Wells, and being duly sworn says, that about the last of April 1866 he received a letter from Umatilla Oregon, signed James Moore, offering him (affiant) a certain sum of money if he would make an affidavit that George L Woods hired him to cut down the flag at McMinnville a few years ago Affiant further says that he lived near McMinnville, Yamhill county, State of Oregon, for over ten years, and never heard that there lived in said county any other man by the name of James A. Wells; furthermore, that George L Woods has never had any conversation either directly or indirectly with affiant in regard to pulling or cutting down that or any other flag.

JAMES A WELLS

Subscribed and sworn to before me May 30th, 1866.

A. PARKER,
Commissioner of Deeds for the State of Oregon

A BRAZEN FALSEHOOD.

A circular was issued from the *Herald* office last evening, stating that the amendments to the Constitution introduced by Sumner in the Senate were "agreed upon by the Republican caucus of both Houses of Congress" This is a shameless falsehood. No propositions of the kind have been agreed on in the caucus. Sumner's proposed amendments, as published in the dispatches this morning, are nothing more than another bundle of that Senator's vagaries. He has before repeatedly introduced measures of the same kind, and they have been invariably voted down by nine-tenths of the Senate. This last proposition of his will also fail by a like decisive vote Look out for such roorbacks as this circular from the *Herald*. Read the dispatches of this morning for yourselves.

A Southern View of Civil Rights

Every journal of the Northern Democracy opposes the Civil Rights Law. Their opposition to it is but the action of demagogues playing on the prejudices of the people to obtain votes for unworthy men. It is encouraging to find that many Southern journals, actuated by honest motives, defend the Civil Rights Law as an eminently just and proper measure. The Chattanooga *American Union*, says "No candid person can deny that the object of the Bill which both Houses of Congress have, by an overwhelming vote, just passed over the President's veto, is right and just and in accordance with the principles of the Declaration of Independence"

Will you Stand by Him?

"Stand by the President" is the cry of the Democratic party Yes, but will you stand by him when he leaves the White House, goes to his home in Tennessee, and advocates negro suffrage in that State as he has declared he will do! Will you stand by him then? No, you will forsake him the moment you find you can no longer use him to advance the selfish schemes of your party

One of the copperhead candidates for State Senator in Marion county said, during the last campaign, 'that if Lincoln was elected President he would not give a quarter section in the mountains for all the land in the Valley" That was about the time when these peace loving Democratic lambs were intending to inaugurate civil war burn all the property of the Union men in the Valley, and then take refuge in the mountains They were only prevented from doing it by the numerous victories gained about that time by the Union armies

HONEST CONFESSION —The New York *Day Book*, the recognized organ of the treasonable Democracy, says "Wm H Seward will either stand out in all time as the stealthy assassin of the Constitution of this country, or else the Democratic party has been a vile traitorous organization and its leaders worthy of nothing so much as hanging" Seward will not so stand out

Do you want Jo Lane to go to the United Senate? If not, vote the Union ticket

FAY WEAKENS ON HIS RECORD

Jackson County all right for the Union.

The following dispatch was sent us yesterday from Jacksonville, where Fay is too well known to dare deny his treasonable record as charged against him:

JACKSONVILLE May 1 1866

EDITOR OREGONIAN:
Fay failed yesterday to say anything about that [illegible] and virtually admits its truth as published in his own county. Its being a matter of common notoriety, notwithstanding [illegible] [illegible] carrying Jackson county

When Fay was down here he denied his traitor record, vehemently pronouncing the charges against him to be "infamous lies"

At Jacksonville where he had publicly offered and drunk a toast to Jeff Davis James D Fay did not dare deny the charge He knew that a dozen men who heard him utter the shamelessly treasonable toast, stood ready to convict him of falsehood, if he denied it

At Jacksonville where he had asserted his belief in the right of secession as a DIVINE RIGHT and had demanded that the South be allowed to go in peace, James D Fay did not dare deny the charge He knew it could be proven on him by dozens of credible witnesses

At Jacksonville where the charge had been pressed home upon him that he was a traitor and had repeatedly uttered treasonable language James D Fay did not dare to open his mouth in denial.

Letter from a Democrat

The following letter which we clip from the Astoria *Gazette*, is from the pen of Mr Newton of Clatsop—as we are told by a resident of Astoria, now in this city Mr Newton is the hardest kind of a Copperhead and speaks right out what he doubtless thinks

MR EDITOR —As we have no paper published in Astoria to advocate the interests and defend the principles of the Democratic party, I have thought that as a matter of courtesy you would perhaps permit me through your columns to defend that party against slanderous charges that were brought against it by the candidate for Prosecuting Attorney who addressed the citizens of Astoria at the Court house on last Saturday evening

Now sir no one can regret more than I do the necessity for such a course but when the cherished principles of my party are misrepresented as they were on that occasion, and that too by a man whom the party has chosen as one of its candidates, I feel that I should be guilty of a great dereliction of the duty which I, in common with every other good Democrat, owe to the party, did I permit those misrepresentations and false charges that the Democratic party supported the war to go unrefuted, and sir but for the fact that I have never attempted to make a public speech, I should upon the occasion of the utterance of those charges, have denied their truth and shown to the audience that the gentleman was attempting to place the Democratic party in a very false position

Now sir the fact is well known to every one, that the Democratic party has always opposed the unholy war that was waged by the Abolition Government against our brothers of the South for the purpose of elevating the negro to an equality with the white man And no one knows better than the gentleman that our papers throughout the North never hesitated to denounce the war as an unholy Abolition crusade against humanity and the rights of the Southern people And the gentleman certainly cannot fail to remember that the publication of very many of our best and most honestly outspoken papers in the north, was prohibited in the most arbitrary and unconstitutional manner by minions clothed in military power by this same Abolition Government, simply because their editors saw fit to denounce the war and to demand that it should immediately cease; and also, for the further crime (in the eyes of those same hireling minions) of advising the people of the North to give no aid or countenance to the perpetration of so foul a wrong as was being inflicted upon the people of the South, simply because they saw fit to exercise a right guaranteed to them by the Constitution—to withdraw from the Government whenever they saw fit in their sovereign capacity to do so

And further sir, the gentleman certainly cannot have forgotten that when that noble champion of Democratic principles (Mr Vallandigham of Ohio,) fell under the ban of Mr Lincoln and his hirelings, for the utterance of his terrible denunciations of the war and his noble defense of the South, that the Democratic party with that boldness which has always been its crowning virtue promptly announced to the world that Mr Vallandigham had spoken the sentiments of the party, by nominating him as their candidate for Governor of Ohio

And yet further I think the gentleman must remember the anathemas hurled against Mr Lincoln and his abolition war by that noble body of men, the representatives of the whole Democratic party of the country, assembled in National Convention at Chicago for the purpose of nominating a man for President who would carry out the principles of the party and put a stop to the murderous outrages of the Abolitionists, and see that Southern soil was no longer polluted by the footsteps of a hireling horde of negro thieves.

A TRUE DEMOCRAT

The Soldiers of the Union Go with the Union Party.

Every soldier of the Union will vote with the Union party. And every soldier of the rebel army, who has straggled off to Oregon, will vote with the Democracy. In this city there are now not less than twenty-five veteran volunteers from the Union army, not one of whom will vote the Democratic ticket. And in this city there is probably an equal number of rebel soldiers, not one of whom will vote the Union ticket. No soldier of the Union goes with the Democratic party, and the Union party is not supported by a single rebel soldier. Which then, is the loyal party? The soldiers who fought for the Union and who wear the scars of battle, without an exception, vote with us, and a soldier of the Union cannot be found in Oregon who will vote with our opponents. Do not the men who have shed their blood for their country know who their friends are, and who are the friends of the Union for which they perilled their lives? And do not the men who have fought to destroy the Union know who *their* friends are, and who are the *enemies* of the Union? Let loyal soldiers tell you which is the loyal party And let the natural affiliation of the rebel soldiers with the Democracy, convince you of that party's disloyalty.

LOOK OUT FOR LIES —The Democracy on the streets of Portland, seem to have caught the infection of falsehood from the *Herald* which has already achieved the reputation of being the most impudent and reckless in the employment of falsehood, of any sheet on the coast. Yesterday, the city was fairly inundated with falsehoods of all conceivable sorts, uttered by all conceivable sorts of liars, about all conceivable sorts of things, men and measures. The medley of lies floating about, flying about, dragged, swept and blowed about, fairly eclipsed anything of the kind ever exhibited on this side the Infernal Gates. It will doubtless be the same to day—for the Democracy will be about No one need be surprised to hear of anything possible or impossible, plausible or Munchausenish The Democracy is agog and the city will be flooded Look out for them. One man—a Democratic candidate for the Legislature—yesterday averred solemnly that Congress had passed a law requiring Oregon to amend her constitution so as to allow negroes to vote! That is a sample of only the more plausible copperhead lies which were peddled about From one to two thousand others, of a more devilish and inexcusable sort were blown about with the most energetic industry, from early morning till the last possible hour at night

Shortly after the collapse of the Southern Confederacy, the New York *News*, edited by the Democratic Congressman Ben. Wood, thinking that the rebels would be deprived of the right to vote strongly advocated the policy of giving the ballot to the negroes of the South This was to be done in expectation that the negroes would vote the Democratic ticket Whenever you hear it said that Sumner is in favor of negro suffrage you can answer by pointing to such prominent Democrats as Ben Wood who have declared in favor of the samething It is a fact which history attests that in the States which allow negroes to vote, this right was given them by the Democratic party.

GENERAL GRANT —The Washington correspondent of the New York *Tribune*, writing under date of April 30th says in regard to the measure of the Reconstruction Committee

The Lieut Gen expresses his approval, and no measure of Congress has challenged such universal assent in all quarters It is not anticipated that any individual amendments will be carried and the States will be invoked to convene their legislatures so as to secure its adoption by loyal States thus stimulating concurrent action by the States lately in rebellion

PRUDENCE —The Mobile *Tribune* is of the opinion that the wretches who now compose a packed majority of the Rump Congress will have to be driven from the legislative halls at the point of the bayonet before peace is restored But the late rebels don't want to begin it says the Chicago *Republican* They prefer to let the Northern Democracy lead and to hold themselves in reserve for the devilish charge toward the end of the battle This is prudent When they began before, they relied on the help of that same Democracy and were sadly disappointed They won't be taken in again in such a manner, that is certain

Disorderly Conduct.—On last Friday evening about the hour of nine o'clock Mr J F Jones proprietor of the steam coffee and spice mills, on the corner of Yamhill and Second streets, was passing along Front street returning to his house after escorting a couple of ladies who had come to attend a sick lady, and when in front of the Magnolia saloon kept by a man named Walters, at the corner of Main street, he heard a drunken man remark as he came out of the saloon that he would cut somebody's heart out. Mr Jones being a peaceable and Christian like gentleman thought to assuage the raving of the drunken man and remarked in substance that such a course would be wrong and he would not do anything so violent. At this, the drunken man stepped in front of Mr Jones, and asked if he wanted to fight. Mr Jones said no—that he was not a fighting man—and counseled moderation. The man was so much exasperated however, that he determined to whip Mr Jones anyhow, and while the latter was attempting to dodge away from him, another came up from behind and seizing him by the arms, told the first rough to "go into him," which he did, most shamefully. The struggle had been progressing some minutes when a few orderly citizens chanced to come along and although they felt that it was a row between drunken men, deemed it prudent to stop the shameful proceeding. At first they were prevented by roughs—who said the fight should go on and no man must interfere—but at last they determined to separate the parties at all hazards and did so, to find to their astonishment that the person being so shamefully pounded was a sober citizen and none less than Mr Jones. He was immediately taken to his residence and placed under proper treatment and the bullies who had inflicted the wounds upon him were arrested and brought before Justice Hoffman on Saturday morning. They were Chas. Lawrence alias "Casey Charley," Wm R Hill, alias "Buckskin Bill" and Lewis Cladat, a painter by trade, none of them bearing a good reputation in the community. The examination came off at 2 o'clock P. M. on Saturday, and resulted in the conviction of the batch of them. Hill attempted a defense of his action by bringing up a man named Ellis to swear that Mr Jones was the aggressor, but this witness bore the marks of an idiot so strongly that his evidence lacked effect. The fact being apparent that Mr J. did nothing Lawrence brought the keeper of the bar to show that Mr Jones struck the first blow, but he had failed to study his part well, and contradicting his own statements his evidence fell. Cladat attempted, by his own statement, to show that he took no part in the transaction but numberless reputable witnesses testified that Cladat prevented the interference. He was sent to jail with Lawrence, in default of payment of the fine $50 and costs, all that the magnanimity of the law would allow. Hill paid his fine and is still at large. Justice Hoffman stated in his decision, that he considered this a more outrageous assault than that committed by A. M. Burns recently upon a prominent citizen, and he was determined to teach shoulder hitters and roughs a lesson, so far as he was able under the law. Hill, Lawrence and Cladat were of that class known as strikers, and he would commit them to the full extent of the law, which was done. It is a great pity that the old laws in reference to assaults of this character were not allowed to remain upon the statute book. No person who has a correct understanding of the nature of the case tried on Saturday last, believes but that Mr Jones would have been murdered, had it not been for the fortunate circumstance that three or four respectable persons determined that the brutality being enacted should stop.

A Fizzle.—The *Herald* of a day or two ago made a considerable flourish over the fact that the Democratic club of this city were treated to the "Star spangled banner," sung out of Democratic throats. It was worthy of mention, considering the fact that during the war, Democrats carefully abstained from that style of music. The *Herald*, however, omitted to mention that before the 3rd stanza was half through, it became evident that the performance would end in a fizzle, which it did. When it came to the chorus, there were not enough present who knew it to carry it through. Democrats had not sung the "Star-spangled banner" for so long a time that they had forgotten it. The hypocrisy of the performance, too, was so palpable as to be ludicrous, and even Dogberry would have found it impossible to control their risible propensities, and the attempt broke down in a most farcical fizzle. Democrats will have to take a few more lessons yet before they can carry the "Star-spangled banner," with anything like grace, on either a musical staff or a flag-staff.

Rather strong on a Dress Reformer.—The San Francisco *Bulletin* tells the following on DeWolf, showing that, in one instance at least, "public opinion" got the best of him: "While Dr. Wolfe and his wife were out promenading last evening and "setting an example to the rising generation," a crowd of ragged and unappreciative urchins at the corner of Hyde and Vallejo streets set up the cry of "there goes the woman dressed in man's ...," which so annoyed the male Dr. DeWolf that he ... to give chase to one of the largest urchins, and ... that ... to the arm of the female DeWolfe and ... after the young scapegrace like a cat after a ... After moving about fifty yards the Doctor's pins ... under him and he rolled ingloriously in the dust, much to the ... of the bystanders and much to the ... of the Doctor. Shaking the dust from his ... the dress reformer joined his better half ... promenade."

German Pioneer.—Messrs. Walther & Landenberger, late of California, have established a printing office, 100 ... street, in this city, for the publication of a German paper weekly, with the above heading. The first issue was made on Saturday last, receipt of which is noted at this office. The *Pioneer* is an independent journal, well printed, and bears the imprint of ... It contains nine columns of well-displayed advertising, and eleven columns of reading matter. We ... may attend the efforts of the proprietors in their new enterprise.

Selling Liquor to Indians.—The wife of Felix Collins was ... before Justice Hoffman on Saturday last, upon a charge of selling liquor to Indians. This is one of those cases hard to get at, but the evidence showed ... plainly enough that the woman was guilty. The Indian was seen to enter the house, on Morrison street, and officer Ward caught him, upon his coming out, with the whisky in his possession. The woman was held to appear at the next session of the Circuit Court. It was hoped that the Collins family were out of trouble, but if they are in the habit of committing such offences they must expect to be dealt with according to law.

Newspaper Favors.—There is nothing to a newspaper man ... more to make him feel under obligations to the ... world, than to receive from a newspaper dealer, in advance of the mail, newspapers published abroad. Charles Barrett, Esq , yesterday laid upon our table New York dates to May 5th, later than anything that has yet reached us by mail. On his counters to-day will be found all the latest periodicals. Give him a call.

For Sale.—Finding that the increasing work of the Oregonian establishment requires a greater amount of steam than is furnished by the boiler we have in use, arrangements have been made for putting in one of greater capacity, and the small boiler will be disposed of on favorable terms. It is suitable for many purposes, is in good condition, having been in use but a short time, and will be sold low on application at this office. The boiler is five feet long, 18 inches in diameter, has fourteen inch-and-a-half tubes, and is of the best quality of iron.

The Election Precincts.—The North Portland Precinct comprises all that part of the city north of Washington street. The place of voting is at Burche's house, opposite Engine House No. 2. The Middle Precinct embraces that part of the city between Washington and Main streets. Place of voting at the old Court House. The South Precinct comprises that part of the city south of Main street. Place of voting at Hayden's house, corner of Fourth and Harrison streets.

Information Wanted.—Of Mr. William Walton, formerly of Boston, Mass. He was for a time either in Salmon or Powder River Mines, and, it was reported, died somewhere near Celilo. Any person who can present any information regarding him will confer a favor on his relatives by addressing Rev. H. K. Hines, Vancouver W T , or J. E. Hurford, Esq , Oregon City.

Lunch.—The proprietors of the Western Hotel, Messrs. Smith & Quimby, set out a fine lunch table loaded with edibles and a variety of wines, on Saturday evening, to which all their friends were invited—without money and without price. This liberality was duly appreciated and will doubtless be remembered to the advantage of the house.

Temperance Lecture.—All Good Templars in Portland are requested to meet at their Hall on Tuesday evening, June 5th, at 7 o'clock, to form in procession and attend a Temperance Lecture to be delivered in the M. E. Church by Rev. A. C. McDougall. A good attendance is desired.

First Monthly Meeting.—The first monthly meeting of Couch Engine Company No. 5, will be held to-morrow evening at Gem Garden, for the purpose of electing officers. A good attendance is desired.

Rising Slowly.—The river had risen but six inches in the past 48 hours, at noon yesterday. It spreads over a vast surface below this city, which may account some for the slow rise at present.

Landing at Trees.—On Saturday last the steamer ... took a passenger on board from the limbs of a tree. So high is the river that landings along shore are in many cases impossible.

Minstrels.—The San Francisco male and female minstrels will learn of something to their advantage by sending their business agent to the *Oregon Farmer* job office in this city.

Correction.—In telegraph news ... outside Legal Tenders are quoted at 60¼. It should have read W. U. Telegraph, 60¼.

The Flag Presentation to the Fenian Guard will come off on Wednesday evening at the Oro Fino Hall.

County Court.—The June term of the County Court, will commence to-morrow morning at 9 o'clock.

A Curious and Doubtful Story.—The following is from the Norfolk (Va.) correspondent of the New York *Tribune*:

A curious statement was made to me in private conversation a few days since by an ex-rebel officer of Stonewall Jackson's command. Speaking of Jackson he said that if Jackson had been in command of the rebel army after the battle of Antietam, the war would have been brought to a close. This statement I was anxious to know the reason of.

"Jackson proposed to Lee and other officers that McClellan should be ... approached with a proposition to place him (McClellan) in command of both the Union and rebel armies, and then dictate to the Administration at ... terms for peace, which at that time would have been the deposing of Lincoln. But Jeff. Davis got wind of the plan and it fell through. We thought that the United States Government had become aware of such a plan, and that was the way that we accounted for the act of McClellan being relieved from the command of the army."

This ... so curious an arrangement that I made further inquiries, and discovered that such a plan was certainly proposed, and thought to be a feasible one.

The law requires that every voter shall vote in the precinct in which he resides, for county officers. The State ticket can be voted in any part of the State.

State Items.

Information is desired of a Mr. William Walton who was at one time either in Salmon or Powder River mines and is reported to have died at or near Celilo. Address J. E. Hurford, Oregon City, or H K Hines, Vancouver.

The State *Journal* says a miscreant last the other night stole the clapper out of the Methodist church bell at Eugene City.

The road to Yaquina Bay is reported to be now open and in good condition.

Messrs. ... and Stevens of Lane county are about to start out to the mountains by way of the McKenzie trail with four hundred head of cattle for the mining markets.

Albert Gray, of Sabola, who lately received an appointment to the Naval Academy at Annapolis Maryland, left by the steamer *Oriflamme* to assume his place in the school.

A lodge of Good Templars was instituted at Lafayette last week with thirty four charter members. T. R. Handley is W. Chief Templar.

The *Sentinel* of the 26th ult says, "Messrs. J. T. Glenn, Alex Miller, Jacob Ish, John McLaughlin, M. Rhyno and Col. G. S. Drew filed articles of incorporation, under the name of the 'Occidental Quartz Mining Company, on the Swanton Lead. The company will proceed at once to erect a mill."

The town of Dallas is beginning to suffer from high water. The *Mountaineer* of June 1st says: "High water is really upon us. It is slowly but surely crawling on to Main street. A party of men were engaged to-day in stripping the planks from the O. S. N. Company's bridge to allow the water to come through and prevent a pressure on the bridge. The proprietors of the Umatilla and Columbia hotels were compelled to close yesterday evening and at present there is about a foot of water on the first floors of the buildings. Merchants generally along Main street between Court and Washington, are moving their goods to the back streets. The water has risen about one foot during the past twenty four hours, and is still coming."

The flags of this city were at half-mast Saturday afternoon in respect to the memory of General Winfield Scott, of whose death we received notice by telegraph about 1 o'clock P. M. A general feeling of sadness prevailed among the people who loved and reverenced the old hero.

Election Law of Oregon.

Section 1. That at all general and special elections held in this State it shall be the duty of the judges of such election to administer the following oath to any person offering his vote, unless the person so offering to vote is known to the ... of the said judges to possess the qualifications therein set forth, viz:

You, ..., do solemnly swear (or affirm) that you are a citizen of the United States, twenty-one years of age, and have resided in the State of Oregon six months immediately preceding this election and ninety days in the district and county immediately preceding the election, and you know of no lawful disqualification that you possess, and that you will support the Constitution and laws of the United States, and the Government of the United States against all enemies, whether foreign or domestic, and will bear true faith, allegiance and loyalty to the same, any ordinance, resolution or law of any State convention or legislature to the contrary notwithstanding, and that you have not voted in any other county or precinct at this election. So help you God. If on affirmation the words, "under the pains and penalties of perjury," shall be added.

In case the applicant is of foreign birth and the foregoing oath is not applicable the following oath in lieu of the foregoing, shall be administered:

You do solemnly swear that you are twenty-one years of age, and have resided in the United States one year and in the State of Oregon during the six months immediately preceding this election, and have declared your intention to become a citizen of the United States one year preceding this election, conformably to the laws of the United States on the subject of naturalization, and have bona fide resided in the district and county ninety days next preceding this election, and that you know of no lawful disqualification that you possess, and that you will support the Constitution and laws of the United States and the Government of the United States against all enemies, whether foreign or domestic, and will bear true faith, allegiance and loyalty to the same, any ordinance, resolution or law of any State Convention or Legislature to the contrary notwithstanding, and that you have not voted in any other county, district or precinct, at this election. So help you God. (If on affirmation, to conclude as in the first oath.)

Sec. 2. That in case the applicant only wishes to vote for Presidential electors or members of Congress, so much of the oaths as refers to ninety days' residence in district and county may be omitted. And if he wishes to vote only for district officers, so much thereof as refers to county may be omitted, and if for county officers only, so much thereof as refers to district may be omitted.

Sec. 3. If any person applying to vote, is challenged by a lawful voter, the judges of election shall administer one of the foregoing oaths or affirmations to the said applicant, before he shall be allowed to vote.

Sec. 4. The aforesaid oaths shall be administered orally.

Sec. 5. If any person or persons shall, by menace, threat or violence, whether armed or unarmed, intimidate or prevent, or attempt to intimidate or prevent, any person from challenging another voter, or to prevent any person from voting, such person or persons so offending shall, upon conviction, be punished by imprisonment in the penitentiary, not less than one, nor more than three years.

The following is Section 17 of Article II, of the Constitution of the State of Oregon:

All qualified electors shall vote in the election precinct in the county where they may reside, for county officers, and in any county in the State for State officers, or in any county of a Congressional District in which such electors may reside, for members of Congress.

What they think in Canada.

Here is what the Toronto *Globe* thinks of the President's veto of the Civil Rights bill:

It is difficult to realize that this man, who has the hardihood to make these objections to the civil rights bill, is the same man who, during the war, was a violent advocate of abolition—who, after the war was over, promised to be the special protector of the blacks, and talked of taking care that loyal men, white and black, should govern the South; and declared that the rebels should be punished, and that their treason should be made odious. What a change have a few months wrought in his Excellency! In the worst days of slavery its avowed advocates hardly put their hostility to justice between race and race in bolder or more shameless language. The civil rights bill deprives the States of the power to make civil distinctions between the two races—it deprives them of the right to have one set of laws for the blacks and another for the whites—of having one set of pains and penalties for white offenders and another for black—and, therefore, it is vetoed! These are the very reasons which ought to induce any honest man—any friend of justice—to sanction the measure.

These words are those of truth and soberness. They are not prompted by any of the partisan feeling which may be supposed to animate the journals of this country. They are the testimony of an impartial, unbiassed observer of our affairs, and are therefore worthy of the consideration of those who deprecate partisanship and believe that Unionists are actuated by extreme partisan motives in contending for the doctrine of "equality before the law." It will be observed that views of the Union party do not differ much from those of the disinterested spectator in Canada whose words we have above quoted.

Humbug by the President.—The Chicago *Republican* of April 28th has the following:

A piece of humbug lately performed by President Johnson, in the shape of an order directing that only discharged soldiers shall be appointed to clerkships in the Executive departments, is causing a good deal of inconvenience to many excellent men, whose hopes and feelings ought not to have been trifled with in such a manner. The rule laid down in the order was long since recommended in an Act of Congress, and was substantially established in all the Departments at Washington some time before Johnson became President. For two years past discharged soldiers have had the preference in appointments to clerkships, and civilians have obtained them only in extraordinary circumstances, or where men of unusual qualifications were not needed. No doubt the President was aware of this fact, but as popularity might be gained by proclaiming himself the patron of the soldiers, he issued the order. The consequence has been that numbers of disabled men have gone to Washington in the belief that there must be plenty of vacant places, which they could obtain under the President's directions; but they find that they are the victims of a cruel deception. The labor and expense of the journey are thus put upon them for no purpose, for there are already more clerks in the Departments than are needed, and the President's order, from which these worthy men have expected so much, really proves to be an injury to them instead of a benefit.

For Justice of the Peace.—Israel Gradon, Esq., has been placed upon the ticket for Justice of the Peace in the Middle Portland Precinct in place of M. Kline who declined to run.

Read the Election Law published in this morning's paper.

I. O. G. T.—All members of the Order in good standing are particularly requested to meet in the Lodge Room on Tuesday evening, the 5th inst., in order to attend the lecture to be delivered by Bro. A. C. McDougal, (Grand Lecturer I. O. of G. T.) in the M. E. Church at 7½ o'clock.

Dr. Hostetter's Stomach Bitters.—These Bitters are universally acknowledged to be a sure preventive and cure for Fever and Ague, Flatulence, Heaviness of the Stomach, or any other like affection. Their effect upon the system is most miraculous; they give a healthy tone to the system, relieve all morbid matter, and in fact thoroughly cleanse the system of all impurities. In no case has it been known to fail, but on the contrary, new virtues have been found in its use. To those afflicted with any of the above ills of the body, the "Bitters" are offered as a speedy and certain cure. S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities, and warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure, and must supercede all other tonics where a healthy, gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in Bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

Each package bears the signature of G. VENARD.

[DISPATCHES TO THE OREGONIAN.]

DATES TO MAY 30.

Death of General Winfield Scott

WEST POINT, N. Y., May 29.—Lieut. Gen. Winfield Scott died this morning at half past 11 o'clock.

Congressional.

WASHINGTON, May 29. The Senate by unanimous vote of 43 ayes struck out the 3d section of the constitutional amendment, when Howard offered a substitute as agreed in caucus as follows: No person shall be a Senator or Representative in Congress, or elector for President and Vice President, or hold any office, civil or military, under the United States or under any State, who having previously taken an oath as member of any State Legislature or as an officer or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid and comfort to the enemies thereof; but Congress may, by vote of two thirds of each house, remove such disability. Howard also proposed an amendment to the first section by substituting the words, "born in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside." He also proposed to amend the second section so as to apportion representation according to voters. Mr. Saulsbury said this was the first notice the minority had received of the result of the caucus held by the majority. He therefore moved that the amendment be printed and that the subject be postponed till to-morrow. On motion of Mr. Fessenden, the order was entered. Mr. Sumner substituted a bill for the enabling act which provides that when any State lately in rebellion shall have ratified the foregoing amendment and shall have modified its Constitution and laws in conformity therewith, and shall have further provided that there shall be no denial of the elective franchise to citizens of the United States because of race and color, and that all persons shall be equal before the law, the Senators and Representatives from such States as are found duly elected and qualified may, after having taken the required oath of office, be admitted into Congress as such: provided, that nothing in this section shall be so construed as to require the disfranchisement of the man who is now allowed to vote.

The House passed Eliott's bill reported last week continuing the Freedmen's Bureau for three years. Mr. Sumner also introduced a bill to enforce the article in the Constitution abolishing slavery by securing the elective franchise to colored citizens. It provides that every citizen, of whatever race or color, shall have the right to vote at all elections, State laws to the contrary shall be void.

An Appointee of the President Declines.

CHICAGO, May 30.—Horace Rublee, editor of the Madison (Wis.) *Journal*, late appointed Consul to Rotterdam, publishes a card saying the application for the appointment was made last fall, but now, in view of the political situation, he should decline it and stay at home, earning his own bread and butter.

Mulligan, the Indiana Conspirator.

Mulligan, the Indiana conspirator lately released from imprisonment, appeared before the United States Court of Indianapolis yesterday and gave bonds to appear for trial for treason next November.

Rejections and Confirmations by the Senate.

A Washington special says: The Senate yesterday rejected Wade Hampton for postmaster of Pittsburg, and Ringo for postmaster of Lafayette, Ind. The latter is the editor of the Lafayette *Courier*, and was appointed vice the present incumbent, the editor of the *Journal*, removed. Among the confirmations were General Cassius Fairchild as United States Marshal of Wisconsin and Iowa; Cummings, Associate Justice of Idaho. It is said there was to be a clean sweep of office holders in Illinois where the organization of the Republican party was in radical hands.

Douglas Monument Ceremonies.

The Chicago *Times* of this morning announces that it is not improbable that President Johnson will deliver the oration at the laying of the corner stone of the Douglas monument in that city on the 4th of July. Gov. Oglesby had been selected, but the selection gave dissatisfaction to the friends of Douglas.

Business before the Ways and Means Committee.

WASHINGTON, May 29.—The Committee of Ways and Means, after holding daily sessions for two months, are taking a short rest before completing the revision of the tariff, which they have as yet discussed only in a general way. A comparison of opinions leads however to the belief that few important changes will be made other than those required to harmonize the tax on imports with the internal tax as imposed by the bill just passed by the House. It is possible that additional protection will be given to some articles, but there is ground to believe that the wool and iron interests which are clamorous for heavy duties, will be disappointed.

Peruvian Envoy to the United States.

WASHINGTON, May 29.—Senor Barreda yesterday presented his credentials as envoy from the Peruvian Republic, expressing the friendly desires of that power. The President replied, expressing reciprocal regard.

The Reconstruction Amendment.

The *Tribune's* special says the Constitutional amendment as revised by the caucus and reported in the Senate yesterday, received a unanimous vote, and will receive a vote of at least 34 Senators, while at most there can be but 14 against it. The prospects are that it will be acted upon in two or three days as there will be no speech on the Union side. It is looked upon with much favor in the House by all leading Union men, and will be adopted by a solid vote as soon as it passes the Senate.

Command of Department of Louisiana.

NEW ORLEANS, May 29th.—Under authority from the War Department, General Canby has relinquished, and Brevet Maj. Gen. Baird, late Assistant Commissioner of the Freedmen's Bureau, has assumed command of the Department of Louisiana.

Fire—New York Business Matters.

SARATOGA, N. Y., May 29th.—Congress Hall Hotel was burned this morning. Total loss $200,000, insurance $100,000. The Hotel would have been opened on Wednesday.

NEW YORK, May 29th.—The *Post's* money article says there is an increasing ease in the money market and growing activity in all descriptions of Government securities. Cotton is quoted at 40@42 for middling, sales of 21,000 bales, exporting 5,000 bales. Breadstuffs are lower. Quicksilver, 62½; Mariposa preferred, 24¼. U. S. legal tenders, 80¾. Weekly bank statement less unfavorable than was expected.

Foreign News.

FARTHER POINT, May 29.—The steamer *St. David* with dates to the 19th has arrived. Consols 73½@73¼. U. S. 5-20's, 66@66½. Cotton, after some fluctuations closed at last week's quotations. Sales of the week 60,000 bales, and on Friday 6,000; market dull and unchanged. Breadstuffs very dull, beef firm. Provisions dull. Confidence was becoming restored but there are continued rumors of heavy suspensions at Liverpool. Continental affairs are unchanged.

The King of Prussia made a speech to the representatives of the Protestant authorities, saying, "I have not caused existing complication, but there is a situation in which peace cannot possibly be maintained, nor can I desire peace at any price. I have full knowledge of my grave responsibility to God and my country, but I shall go the way God pleases to conduct me."

The English papers report an explosion of nitro-glycerine in Sydney, Australia, on the 4th of March. Large stores were completely destroyed.

Gibson stated in the House of Commons on the 18th, that the law gave no power to interfere in the matter of the explosive oils but that it was a subject worthy of consideration.

NEW YORK, May 29.—The steamer *Persia* brings dates to the 20th. Consols closed on Saturday evening at 87¼ for money. 5-20's at 65½@66. Breadstuffs dull. Prices generally unchanged. Cotton sales Saturday, 5,000 bales dull with little inquiry, prices weak.

The weekly return of the Bank of England was the most extraordinary ever published although the Bank had not availed itself of the privilege granted by the Government. The decrease in bullion was £832,335 and in notes £421,105.

The *Daily News* says an analysis of the statement shows an increase in one week of ten million pounds in the advances on private securities. This unprecedented amount proves how enormous has been the pressure for accommodation on the part of the panic stricken country. Inasmuch, however, as a great deal of the borrowing was merely precautionary, five million pounds have been added to the private deposits, and the increase of £3,773,000 in the circulation results mainly from the desire of the country bankers to secure themselves against contingencies, and the notes withdrawn are not really thrown into circulation. There seems to be now a fair prospect that they will be able to ride over the crisis without violating the law. The £832,000 in gold withdrawn must have been taken away mostly by provincial Scotch and Irish bankers as a measure of precaution.

Some additional suspensions are reported among the London banks, including the Oriental Commercial Limited Bank, and the New Zealand Banking Association, and Messrs. Dwyer & Company, Indian Cotton Merchants, etc.

The European Bank of London suspended on the 19th inst.; liabilities, one million.

Efforts for a European Congress were still being made by France, England and Prussia, but with little hopes of success. Lord Clarendon, in the House of Lords, admitted that confidential communications were passing between the governments, but admitted that there were little hopes of a peaceful solution.

The latest dates via Queenstown, are London the 20th. Reports concerning the European Congress are conflicting. One authority says that Austria declined. Another says neither Austria, Prussia or Italy had yet been officially addressed. The Paris bourse was flat. Rentes, 63f. 7c.

It is rumored that a sanguinary conflict had taken place between the Turkish and Moldavian troops.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, June 2.—A banquet in honor of Hon. Anson Burlingame, American Minister to China, and Gen. Van Valkenburg, American Minister to Japan, was given by the principal Chinese houses in this city, Tung Yu & Co., Chy Fong & Co., and Wing-Wo, Sang & Co., at the Hang Heong restaurant, on Dupont street, last evening. It was a great and sumptuous affair. The restaurant was elegantly decorated for the occasion. Everything that a liberal hospitality could do to honor the distinguished guests of the evening, was done.

The Pacific Mail Steamship Company's steamer *Golden Age*, which left Panama May 19th, where she connected with the steamer leaving New York May 11th, arrived here early this morning.

By the steamer *Golden Age*, we have later news from South America. An extra issued from the office of the Panama Mercantile *Chronicle* contains details of the attack of the Spanish fleet on the town of Callao and its repulse by the gallant Peruvians. The attack was made May 2d. The *Chronicle* says that the action was commenced with great vigor shortly after noon on the 2d inst., the Peruvians firing the first shot. The Spaniards attacked the batteries in two lines. The *Villa de Madrid*, *Blanca* and *Berenguela* taking forts to the north, and the *Numancia*, *Almanza* and *Resolucion*, those to the south of the town. Early in the engagement a shot struck the *Villa de Madrid* damaging her badly and cutting asunder her steam pipe. After about an hour's firing another shot penetrated the hull of the *Berenguela* making a tremendous hole through which the water rushed in and at one time she looked like going down. But they managed to careen and patch her sufficiently to drag herself away from the scene of action. The *Blanca* showed no indications of having been struck. The ships attacking the southern batteries were not much damaged nor did they effect much. One of the turrets on shore mounting two heavy guns was blown up, but it is uncertain whether this was caused by a shell from the enemy or some other cause. Callao itself was not injured in the least. At sundown the whole Spanish fleet withdrew ignominiously to the anchorage off San Lorenzo, the Peruvians blazing away bravely after them as they retreated. Senor Galvez the Peruvian War Secretary, was killed. The number of wounded was not ascertained, but it must have been considerable. The Spaniards also have suffered very severely—far more so than the Peruvians had any idea of. Commodore Nunez faced the fire well and showed great evidence of personal bravery, but while walking on the bridge of the *Numancia* he was wounded—it is said dangerously. The Captain of the *Resolucion* was also badly hurt. The number of killed and wounded among the Spaniards is estimated to be about 300. The gentleman to whose kindness we are indebted for our information was on shore at Callao in the morning following the engagement, and states that the enthusiasm among the Peruvians was unbounded. The Spaniards on the contrary were woefully taken in, and although they threatened a second attack it was doubtful if they would have courage enough to attempt it. Let credit be given where it is due. The Peruvians, we are told on the very best authority, fought their guns bravely and well, heedless of all danger or loss of life. They were almost quarreling among themselves as to who should occupy the post of honor and fire off the guns. Nothing would drive them away. But now that the victory is theirs, it will be madness for the Spaniards to renew the action on the same terms. The courage of the Peruvians is indomitable, and the result of this deep engagement shows unmistakably that they have more fight in them than their enemies ever bargained for.

Finance Affairs—Mining Shares.

Local, financial and commercial affairs present no new features. The trade of the week has been moderate and money continues abundant at the moderate rates of interest long current. The eminently conservative policy of our merchants it is believed will enable them to stand firm through the crisis which has so recently overtaken England, and is threatening the Eastern Atlantic cities. The receipts of bullion for the month just closed slightly exceeded $10,000,000. The price of gold in New York is reported at 130¾.

In our telegraphic columns is noted the failure of the Oriental Commercial Bank Limited, of London. This is to be distinguished from the Oriental Bank Corporation, an old and wealthy institution with a paid-up capital of 150 000 pounds.

The mining share market continues depressed and the depreciation of prices nearly as great as during the panic of last November and December. The fact is stated that considerable hypothecated stock has been sold during the week to cover advances, and with the stock thus transferred to stranger hands, the market may rally. If the accounts from the Nevada mines that reach us are to be relied on, there would seem to be no good ground for the present demoralized condition of the stock market. The mines of our own State, the stocks of which are not over rated in at the Board, are doing well, the yield of bullion being constantly on the increase. This is due in part to good and economical management. The variations of the stocks dealt in since the morning board yesterday are as follows: Ophir fell $40, Yellow Jacket and Crown Point each $30; Savage $10; Confidence 10; Imperial $8; Overman $3, Bullion $2, and Chollar Potosi $13. The last mentioned stock rallied a little at the close under telegraphic advices of slightly improved prospects in New York.

The Markets.

Flour—A continued good demand prevails for China, under the late favorable advices, and the market remains unchanged. We quote superfine hf sks ℔ bbl at $6 00@$5 25; qr sks $5 25@$5 50; extra hf sks $5 25@$5 50; qr sks $5 50@$6 00. Wheat—Sales include 1,725 sks choice for milling, at $1 72½@$1 75 ℔ 100 lbs; market firm. Barley—Sales at 75c ℔ 100 lbs. Oats—Market dull at $1 70@$1 80 ℔ 100 lbs. Potatoes—New Mission remain at $1 00 ℔ 100 lbs, with a moderate business.

ALLEN'S

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it if only taken in time.

Sold by all Druggists. Price $1 per bottle.

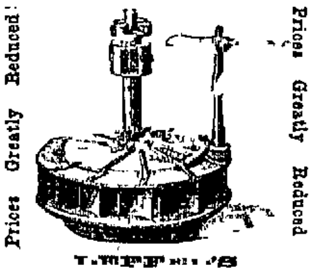
POWER PLEDGED EQUAL

TO THE

Best Overshot Wheel in Existence.



LEFFEL'S

American Double Turbine Water Wheel

IS NOW MANUFACTURED BY THE OREGON IRON Works, in the city of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. We must know the proper sized wheel you require, measure your water in the following way. Take the width of the stream, the average depth, and the distance it flows in a minute.

All the wheels now in use give universal satisfaction. Both the construction of the wheel and its performance, commend it to the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light, and can be easily packed into the mountains. Wheels weighing from 100 to 300 pounds will yield from 16 to 40 horse power, under a head of 20 or 30 feet. They are the cheapest wheel to set up known, as they are so arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them, or send for a circular to

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE,

N. E. Cor. Jackson and Kearney Sts.,

SAN FRANCISCO.

THE GREAT ERADICATOR OF SPECIAL COMPLAINTS, FORMERLY OF LOCKE HOSPITAL, LONDON, EIGHT YEARS IN SACRAMENTO, AND THE LAST THREE YEARS IN SAN FRANCISCO.

DR. TOZER'S

Experience is of forty years standing, and during that time has met with unparalleled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving themselves a world of suffering. Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache and an Aversion to Genial Society, especially that of Females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or at your own home by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. The constitution being restored to perfect health [illegible] be no danger of handing down to your children [illegible] rible disease known as Scrofula.

Syphilitic Disease

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States [illegible] arising from the fact of its being a compound of Chinese and Sandwich Island disease [illegible] have visited the two latter countries [illegible] the dreadful effects of it on both the [illegible] population. Diseases Peculiar to Fema[illegible]

Such as Retention, Painful Menstruation, etc., etc., has been my study for a great number of years, and I can safely promise a perfect cure in a short time.

Be not deterred from calling on Dr. TOZER from delicacy or a fear of exposure, as the Doctor is a man in whom you can trust, and all cases are treated with the most secrecy.

THAT OLD GREENBACK CASE

I
am
still
obliged
to accept
of Legal
Tender Notes
at Par, and have
been since Dec 17,
1862, for the rent of
my Handsome Brick
Store, corner of Morrison
and Front streets, I feel
compelled to announce for
the benefit of the public, that

JACOB MAYER

Leased the building of me Feb. 17,
1862, for a term of years, at which
time there was no such currency in
vogue, and it was understood the terms
were Cash. Since the date above stated, I
have received the depreciated currency regularly for the rent of the

CITY OF PARIS STORE!

making less than two-fifths of the real amount
said Mayer was to pay. He had secured the
building at very advantageous rates, and
even were he now to comply with his contract,
and pay in Coin, would be getting
the best bargain in the city. I make
this statement to show the public
what kind of a man he must be to
take such undue advantages of
the times to convert a few dollars
to himself by LEGAL
SWINDLING. The public
can readily see how
much it costs to have
such tenants in such
costly buildings
as the one referred
to above.
